Lunch & Learn Session

12:00PM to 1:30PM

An informative session with NeuroSource Medical regarding available neurodiagnostic supplies and accessories. We will be joined by our friends at CAET. Sponsored by NeuroSource Medical.

An Afternoon with CNSF

1:45PM to 4:15PM

CSCN Day session offers EMG/NCS interpretation through clinical cases. CNSF 2024 Exhibitor's Hall is a self-guided tour held in the Canadian Room, Convention Floor at the Royal York Hotel in which technologists join in on the opportunity to "network with colleagues and check out the latest developments in medical devices, pharmaceuticals and opportunities in the neurosciences."

AETC Social Event-CN Tower & 360 The Restaurant

Sponsored by Natus Medical Incorporated

7:00PM to 10:00PM

Let's visit the CN Tower with our friends from CAET and climb to the top of its 1,815-foot-tall observation tower. From the observation decks, we can have a breathtaking view of Toronto and see up to 100 miles on a clear day. The CN Tower used to be the tallest structure on Earth for over 30 years, so it's a popular attraction for visitors. One of the observation decks even has a glass floor! We should also check out 360 The Restaurant at the CN Tower, which offers the best Canadian cuisine with a stunning view of the city. The restaurant completes a full rotation every 72 minutes, and its wine cellar is just as impressive as its menu.
